

Kirsty Powell

I moved to live in the village with my family just last year before my daughter started school at St. James'. Everyone in the village was so kind and welcoming, we like our new home very much and we are so pleased we've found such lovely new friends and such a great little community here in Alderholt.

As well as being a Parent Governor, I managed to also find myself becoming the Chair of Friends of St. James'! I'm very happy to be so involved with St. James' and I look forward to working together with our staff and parents to make the school the best it can be for our children's education.

My professional background is in Business Consultancy, I specialise in idea generation, business design and strategic thinking, I have experience in building solutions for a wide range of clients from different sectors and have lectured Business to students and graduates at Universities in London and across the UK.

The project I'm currently championing is our Forest School, outdoor learning can benefit children in so many different ways, I look forward to helping make our Forest School stand out as the best in our county!
