

My name is Sue Williams, I am a semi retired teacher having had 15 years of middle and primary school experience in the Dorset area. I have lived in Alderholt for 20 years now and one of my grown up children attended St James' when we first moved here. My hobbies include running and walking, I also have a keen interest in sewing and crafts and get involved in the local craft markets. As a governor I hope to be able to help St James' First School reach its full potential as an excellent school for all the pupils.
