

Squirrels' class home learning - Spring 2

Street Detectives

COMPLETED BY ALL:

Please complete a 3D model of your house, including all of the rooms. You may decorate the inside of your rooms as you wish, so please feel free to be as creative as you like!

We will display these creations as part of our mini village so they need to be your very best effort. It would be lovely if these could be brought into school by **Monday 18th March**, and if we can help with any resources then please ask.

CHALLENGES

Draw a plan or map of your route to school. Add a key to explain to me what you pass on your way to school.

Watch a clip of a film made to show family life was like in the 1900s. Talk to your grown ups about how life was different for children in the past. Draw pictures and write some sentences.

Look in detail at the outside of your house and make an observational drawing.

Start to learn how to count in 2, 5 and 10 off by heart. Ask someone at home to test you to help!

How many alien words can you write with the following sounds in them: **oi air ai ew oy ow**
Here are some examples: **clain, yewn, scroy.**

Start to learn your number bonds up to 20 off by heart. Use your number bonds to 10 to help you and ask someone to test you to help!

Maths Vocabulary: - Add, subtract, take away, analysing, counting on, regrouping, 'make 10' strategy, tens, ones, place value, solving word problems, number bonds
