MATHS: INSPIRE MATHS PROGRAMME

Unit 8 - Addition and subtraction within 20 - Add using the 'make 10' strategy and regrouping strategies, subtract by using regrouping, solving word problems using the part-whole concept.

Unit 9 - Length - Comparing the lengths of two objects using the terms 'tall/taller', 'long/longer', 'short/shorter' and 'high/higher'. Comparing two or more objects using terms with 'est'. Measuring things using standard and non-standard units.

SCIENCE:

- I can name some plants that I often see in the garden and countryside as well as some trees that drop their leaves and some that don't.
- I understand the inside of some plants and trees and how they grow which I can explain to others.

RE-

Easter - Palm Sunday

Why was Jesus welcomed like a king or celebrity by the crowds on Palm Sunday?

Foundation subject: Geography

- Devise a simple map and use and construct basic symbols in a key.
- Use basic geographical vocabulary to refer to key human features, including: city, town, village, factory, farm, house, office, port harbour and shop.

Foundation subject: Computing

- Understand what algorithms are; how they are implemented as programs on digital devices; and that programs execute by following precise and unambiguous instructions.
- Create and debug simple programs.

Foundation subject: Design

Technology

- Design: Generate, develop, model and communicate ideas through talking, drawing, templates, mock-ups and where appropriate, information communication technology.
- Make: Select from and use a wide range of materials and components, including construction materials according to their characteristics.

PSHE- Jigsaw unit -
Healthy Me

Fabulous Finish: Playground Proposal Presentations
